**MAMMOTH CAVE
BEST APPROACHED**

Via. The Beautiful and Picturesque Green River.

BEE'S PARTY LEAVE SEPT. 2ND

The Earlington Bee will on Sept. 2nd, send the five Ladies in Hopkins county receiving the five highest number of votes in the Bee's Cave Contest, to Mammoth Cave via Evansville and the Green River, with all expenses paid. We have succeeded in getting the extremely low rates of \$17.50 from Earlington and Madisonville to the Cave and return, and will take a limited number at this price. The largest number we can take on the City of Evansville is 35 and already over 20 have signified their intention of going. We must have your names by Aug. 25th if you wish to make the trip. The names of parties going will be published in a last issue. Send in your name now if you want to make one of the party. In speaking of the Cave the Evansville Courier Says:

Mammoth Cave starts at Evansville.

That is, if you want to see the cave under the most delightful conditions you must approach it via the Gateway to the South.

The greatest natural wonder between Niagara and the Yosemite is approached by a river so picturesque, so charming in its natural and varied beauty, that if it were in Europe it would be included in the grand tour of poet, artist and dreamer. Green river debouches into the Ohio eight miles above Evansville and the steamboat line between this city and Bowling Green—the Evansville and Bowling Green Packet line—carries the tourist through the winding stream, between the verdant banks which give the river its name, to the very gates of the city.

What could better attune the mind to the wonders of Mammoth cave than to approach it by a dreamy boat ride, much of it through the heart of virgin forests, till the more rugged hills and grander cliffs proclaim nature's great marvel is near at hand!

Mammoth Cave is visited chiefly by the student or the hurried tourist. Evansville parties are accustomed to go up on one boat, spend two days at the cave, which is ample time for a single exploration of its magnificent depths, and then return on the next boat. But there is no reason why the stay should not be prolonged. The hotel at the cave is a good one, the climate is salubrious, the scenery is varied and pleasing. None of the thousand-roomed hotels in the Catskills or the Adirondacks furnish finer natural surroundings. And then the cave. But the summer visitor has not yet turned his footsteps towards the cave. Possibly if the government should buy it and transform it into a national park, it would attract the throngs that now pass it by for other scenes of nature's grandeur less wonderful.

As it is, the cave is the best short excursion from Evansville. It can be made in something less than a week—the boat trip and the cave.

Resolutions of Respect

At an emergency session of E. W. Turner Lodge No. 548, A. F. and A. M., held in their lodge room in Earlington, Ky., on the evening of July 30, the following resolutions were offered and adopted:

Whereas, It has pleased Almighty God in His inscrutable wisdom to remove by death from our midst our beloved brother, C. T. Martin, to a higher and brighter life above, therefore be it

Resolved, That we bow in humble submission to this afflicting dispensation of Providence, knowing that He doeth all things well and is too wise to err and too good to wantonly afflict.

Resolved, That we tender our heartfelt sympathy to the stricken family of the deceased brother, and for comfort and solace can only point them to Him who heareth the young raven's cry and who notes the sparrow's fall.

Resolved, That in Brother Martin's death this lodge sustains the loss of a zealous member, his family that of a kind and indulgent father and the community a peaceful, exemplary citizen.

Resolved, That the lodge room be draped in mourning and the brethren wear the customary badge of sorrow for the next thirty days.

Resolved, That a copy of these resolutions be placed in the archives, a copy furnished the afflicted family of our deceased brother and a copy furnished the Earlington Bee for publication.

**SOLDIER BOYS
HOME AGAIN****Four Earlington Men Remain to
Compete for Places On
National Team****SEVENTEEN MEN OF COMPANY
G. QUALIFIED AS MARKSMEN**

The soldier boys of G Company got back from the "front" at O'Rell yesterday morning about six o'clock and before the day was much older many of them were busy about their various occupation, but often stopped to answer queries as to their experience. The Earlington people are always interested in the doing of our own people and especially the doings and welfare of our home company of the Kentucky State Guard, who, individually and as a military organization, hold a warm place in the hearts of our people.

The boys did not all get home, for the reason that several of them shot too well and had to remain with the rest of the "expert riflemen," all of whom, from the three regiments, will now compete together for places on the team to go to the national "shoot" at Camp Perry, Ohio. Co. G's "expert riflemen" of this year are Capt. Henry Rogers, Thos. Peyton, Pete Davis and Luther Boyd. Seventeen members of the company qualified as "marksmen" at O'Rell this year.

There are some fifty expert riflemen from the three regiments at O'Rell now competing for places on the National team. Out of this number twelve members and three alternates will be chosen, who make the best records. It will take perhaps until the 18th of this month to get this team selected and finish the practice shooting at O'Rell. Then the team will go direct to Camp Perry and will get home about the last of August. Last year the Third regiment carried off a very large proportion of the honors of this competition and sent nine out of the twelve men who made up the team to the national shoot. Two of the nine, Capt. Rogers and Luther Boyd went from Company G.

Capt. W. K. Nisbet, assistant surgeon, was put in charge of the hospital corps upon his arrival at camp and was in command of that department continuously during the stay of G Company. Sick calls were not many and the sanitary conditions were kept in excellent shape during the time.

Mrs. Henry Rogers, who has been for some days at Camp O'Rell, has felt quite an improvement in health during her stay and has not yet returned home. Mrs. Rogers found very pleasant quarters at a farm house adjacent to the rifle range.

The editor of The Bee spent part of last Thursday in the camp and extended to the officers in charge an invitation to bring the State Guard to Earlington next year.

To The Republicans of Hopkins County.

I hereby announce myself a candidate for the office of Representative of Hopkins county in the next General Assembly of Kentucky, subject to the action of the Republican Convention to be held in Madisonville on the 19th of August, 1911.

I make this announcement after due deliberation on my part and the urgent solicitation of loyal Republicans in different parts of Hopkins county. I am in full accord with the platform adopted by the Republicans in State Convention in the City of Louisville on June 11, 1911, and if nominated will feel it my duty to present the principles set forth in this platform to the voters of Hopkins County from the stump, subject at all times to the advice of friends in the party. If not nominated I shall put forth my best efforts to help the party on to victory in the next election in November.

Yours to win,

GEO. KING,
Madisonville, Ky., July 28, 1911

DEATH OF C. T. MARTIN**Passed Away at Age of Sixty-Six
Loved and Honored****BURIED WITH MASONIC HONORS
AT THE EARLINGTON CEMETERY**

Charles Theodore Martin, aged sixty-six years, passed away early Sunday morning after a long and painful illness, at the home of Dr. Curtis B. Johnson, on Farren Avenue. Funeral services were held at the residence beginning at four o'clock that afternoon. Rev. Harrison, pastor of the Presbyterian church at Madisonville, read a scripture lesson and offered a prayer, and two appropriate songs were sung by a choir composed of friends of the family. Following this short service officers and members of E. W. Turner Lodge took charge of the remains and led the procession to the Earlington cemetery, where the remains were interred with Masonic honors, the service being led by Frank D. Rash, master of the lodge. The pall bearers were James R. Rash, Chas. Cowell, T. R. Farquhar, E. L. Stokes, J. W. Lester and Paul Moore.

The surviving brothers, four in number, Henry Martin, of Muhlenberg county, Joseph Martin, of Dalton, Thomas and George Martin, of Madisonville, were present at the funeral. The deceased leaves four daughters, Mrs. C. B. Johnson, Misses Ida, Nettie Belle and Mary Martin; and three sons, Charles, Henry and Robert.

Mr. Martin was a native of Muhlenberg county, moving to Madisonville with three brothers, when a young man, where he spent several years as a carpenter. Later he came to be in charge of construction of bridge work for the Louisville & Nashville railroad, which occupied him for some years, during which time he married Miss Nettie Iser, of Springfield, Tenn. Mrs. Martin died here seven years ago. His last years were spent in Earlington and he was constantly active in his vocation until forced to relinquish his work by ill health, and even then he would drive to a building when he was barely able to sit or lie in view of the work and direct the workmen.

He was a life righteously and in the faithful performance of duty to his family and to society, to the full limit of his strength and his opportunities. And there are many old friends and new who cherish and honor his memory.

Watt Hardin Sisk will leave for Louisville soon where he has accepted a position in an automobile shop. We feel sure he will make good.

320-ACRE HOMESTEADS.**Nearly 200,000 Acres Now Available for Entry Under the Enlarged Homestead Law.**

The enlarged-homestead law permits the entry by one person of 320 acres of Government land in the arid States which is not, in the understanding of the Government, susceptible of irrigation. As under the original 160-homestead law, this land can be acquired by the settler from Uncle Sam free of cost, on compliance with the regulations requiring a residence and cultivation. The determination of what lands are subject to these double-size homestead devolves upon the Secretary of the Interior, and since the passage of the act in February, 1909, 190,264,495 acres have been designated by him as subject to entry in units of 320 acres. Every month additional lands are thus designated, 90,242 acres having been added to the total in June.

Breeders of fine horses prefer BALLARD'S SNOW LINIMENT for all cuts, wounds or sores on their stock, because it acts both mild and quickly and heals an ordinary wound without a scar. Price 25c, 50c and \$1.00 per bottle. Sold by St. Bernard Mining Co., Incorporated, drug department.

Bathing An Elephant.

The Elephant's bath takes a week to carry out in every detail; it requires the service of three men and it costs \$800. This treatment is necessary for a circus elephant, and if the animal is a valuable one the proprietors of the circus do not consider the money wasted. The first process consists in going over the immense body with the best soap procurable; 115 pounds of soap is used and the elephant's ears are especially carefully attended to. When the soaping and drying are completed the elephant is well sandpapered, and after that rubbed all over with the purest Indian oil until the mouse-gray skin is supple and glistening. This last touch is the most expensive part of the bath as \$150 has to be spent on the oil alone. (Philadelphia Record.)

Lively as a Boy.

If you are tired, run down, have no appetite, get a bottle of Yucatan Chili Tonic. A few doses will set you up—give you a boy's appetite—make you strong and lively as a twelve-year-old. Purifies the blood and strengthens the system. 50c a bottle at the St. Bernard Mining Co., Incorporated, Drug Department.

A number of young women came across a boy lying face downward in a gutter the other evening, and they decided that he was dead; probably murdered. While one ran to the telephone, the others tried to pick him up. "Deggoned you," said the boy, "you have told on me!" and a little girl around the corner began to yell, "One, two, three for Johnny."

The Other Side of E. H. Harriman

"Christmas was always a specially festive holiday on the Harriman estate," writes J. Holmes McGuinness, rector of Arden, in August San. set Magazine. "Each year a census was taken of every man, woman and child thereupon, and the list carefully studied that a suitable gift might be provided for each one. Mrs. Harriman herself presented these, and her husband stood beside her. It was an absolute rule with them that nobody should be forgotten. But mistakes will occur. One Christmas evening, at the close of the distribution, somebody asked 'Where's Tom?' Tom was the most forlorn boy on the place—a half-orphan, a poor little heartbroken chap, who lived with a drunken father in a shack four miles from the house. The question was passed around: 'Where was Tom?' Immediately Mr. Harriman took it up. Investigation proved that his name had been omitted from the list. Mr. Harriman then disappeared. He had found a sled such as every boy longs for; muffled himself against the cold, he set out on that stinging night, dragging the sled, tramping four miles through the woods to carry Christmas to that little shack and its lonely occupant."

Every Dollar of an Ad Reader's Money is Above Par

Frequently Its Buying Power is Actually Doubled

¶ Your dollars vary in value as they vary in purchasing power. The man or woman who studies advertisements is able, frequently, to make one dollar do the usual work of two. ¶ And the experienced reader of advertisements will *always* make a dollar command a premium—make it buy *more* than a dollar's worth, as figured on "ruling prices" of things. ¶ How much "above par" are the dollars in your pocket worth? It will depend on how closely you study the buying opportunities outlined in the store ads

The Standard Concrete Burial Vault gives perfect protection and an everlasting resting place for the dead. It is air-tight and water proof. It is the neatest and most substantial tomb made. This vault is in one solid piece and the lid is in one solid piece, all reinforced with steel bars imbedded in the concrete. These bars guarantee safety from accident when the lid is being lowered into place. This vault is practically a solid concrete tomb, not affected in any way by the nature of the soil in which it is placed, and time only adds to its hardness.

The lid of "The Standard" is in one piece and forms a graceful Solid Arch. It has decidedly more resistance than a lid made in any other form. The only joint in "The Standard" is where the lid is cemented on the vault, and this made perfectly airtight and water-tight. It is positively secure against all vermin. It does not decay and cave in, but is everlasting.

This vault leaves your loved ones as well protected and peacefully asleep as if in a tomb costing thousands. It is not affected by being placed in a soft and watery grave, for it is absolutely air and water-tight. It is positively secure against all vermin. It does not decay and cave in, but is everlasting.

This vault is manufactured by W. C. Mann. An order placed with me or any undertaker will have prompt attention.

In one of these vaults is a casket containing a neatly dressed doll. The vault is then placed in a tank of water which is on exhibition in the show window in my office on North Main street.
